Basic requirements for drilling, completing, and producing oil and gas wells are explained in the oil, gas, and geothermal resources rules, which are part of the the Arizona Administrative Code (A.A.C.) in Title 12 (Natural Resources), Chapter 7 (Oil and Gas Conservation Commission).

These rules may be viewed on the [Arizona Secretary of State's web page](#) .

Paper copies may be purchased form the Secretary of State. The OGCC has authority to approve requests for variance or exception to many of the general statewide rules after notice and hearing. Questions about the OGCC, its rules or applications to drill may be directed to Steve Rauzi at (520) 770-3500.
